MARK WALKER PHOTOGRAPHY - **Capturing the Moment**

Based in Mansfield, but more than willing to bring his studio to you, photographer Mark Walker is fast gaining a reputation locally for capturing life's most special moments through photography. Mark is clearly passionate about his business and prides himself on realistically portraying emotions, personalities and sentiments to create memories to last a lifetime.

Mark has a background in school photography and specialises in taking family and individual portraits including weddings, christenings and other large and formal events. With his friendly but professional manner he is expert at getting his clients to relax and enjoy the photo sessions so that their characters shine through to create really natural images of young and old alike.

Many of Mark's clients are choosing to have the studio brought to them in their own home. Requiring a space of just 7 feet by 11 feet for the optimal setting up and use of his equipment, Mark has found that the comfort of home can create the ideal laid back atmosphere that enables him to capture the very best shots.

At Mark Walker Photography prices are competitive and Mark is proud to offer a fair price whilst creating the best image of you or your loved ones. His

online gallery can be viewed at www.markwalkerphotography.net Contact Mark for further details by telephoning 07921 513324 or email enquiries@markwalkerphotography.net Good photography doesn't have to be expensive!
